In reply I have the honor to observe that the proposal seems to be a reasonable one in as much as the cost of conveying a bicycle is always very much less than that of conveying a trap and horse or even a horse.

2. The definition of the article in question if altered as under, will, the undersigned thinks, meet the requirements of the case.

"Conveyance" means Carriages, horses or bicycles not exceeding the Scale given below:—

(1) In the case of the Judge of the Chief Court or Head of a Department, a Carriage and four horses or a bicycle

(2) In the case of District Judges, Deputy Commissioners, Civil Surgeons, Executive Engineers and Deputy Conservators of Forests, a Carriage and two horses or a bicycle.

(3) In the case of others a horse or a bicycle."

## TO THE DEWAN OF MYSORE

*for ~~Information~~. Sanction.*

It frequently happens that an officer has to go on Inspection duty which can be performed conveniently on bicycles.

Under Article 518A of the Mysore Service Regulations officers are per-mitted to take a horse ~~of~~ trap by rail when the work to be done neces-sitates the use of a horse or con-veyance or both.

When an Inspection can be just as well done (such as road Inspections &c) on a bicycle, the expense to Government of an officer sending on ~~by rail~~ a horse or other conveyance by rail would be avoided, if permission were accorded to their taking a bicycle.

I request your sanction therefore, to the actual railway fare for the carriage of a bicycle being passed to officers on occasions when the necessary duties can be conveniently done on a bicycle .This concession would not of course do away with the present rule that a horse has to be

## Camp. Equipment & Horses.

### Para 1000.

When the local Govt is satisfied that it is in the interests of the public service that an officer required to travel on public duty should send his horses, Camels, bicycles, or Camp equipment by Railway or steamer or, in Burma, send his horses, by a vessel other than a steamer, it may, by special order in each case, permit him to recover, in addition to his authorized travelling allowance, the actual cost of their Carriage, including, whether separately charged for or not, the cost of Conveyance of one cycle & one grass cutter for each horse.

Note:— An officer in receipt of a permanent monthly travelling allowance is not entitled to the privilege of this Article.
